4th January 2021

Dear parents & carers,

After much discussion within our school community and beyond, **Maidenhall will not be re-opening** on Tuesday 5th January. We have not taken this decision lightly. We want nothing more than the children to be in school learning, but their health and safety and that of the staff and the families they come home to, has to be our priority.

This does not mean that learning stops. Class teachers will activate home learning on Tuesday; children will be expected to virtually attend a morning and afternoon registration. Please see your child's Google Classroom for the details of what times they will need to log on. They will be set work daily **which must be completed and handed in** via google classroom.

The school will be open to vulnerable and critical worker children. Those children that fall into the vulnerable category will be contacted and invited to attend school. If you believe that you fall into the key worker category **and have not already been contacted by the school**, please contact the office.

If you have any problems accessing home learning, please contact the school office or our family workers and we will try to support you. Those children with an EHCP or a special educational need will receive a tailored curriculum.

We know that this is a worrying time for all. Please be assured that everything we do is with the safety and care of our children and wider community at its heart.

We will review this decision on a weekly basis but anticipate these measures to last until at least the 18th January.

Please take care and stay safe.

Coral Campion
Headteacher
