Mozart fact file

facts about our composer this term!

Life when was he young

He was born on 27 January 1756

Did you know he was a quick study,when Mozart was young he wrote his first piece of music.Not by himself of course,he got help from his father not to help him use the violin or the piano but with the pencil!!!! It's said he was 5 years when he composed his first piece of music

How did he die?

He got poisoned by his own personal physician
Thomas Franz. It was inside uncooked pork/pig

But scholars aren't really sure yet how he actually
died so this is just a guess from people.
