

Glasgow

## Cop26 global warming

### What is cop26?

Cop26 is conference of parties, a meeting that involves different people working to save the planet. It took place in Glasgow.

### Who will be at cop26?

Important people from nearly all over the world will be there like David Attenborough and Boris Johnson, there will be more than two hundred world leaders there to.

### what causes climate change?

People mine fossil fuels like coal and put them in electric motor cars to modern houses but when carbon dioxide gets out it makes a big blanket, but when it warms up it becomes global warming, it makes floods and other things.

# Help the Planet

## Save Trees and Grow Plants

Trees are very important in keeping the world beautiful

No cuts the tree and grow plants

An average size tree produces enough oxygen in one year to keep a family of four breathing

Trees reproduce through pollination via insects, wind and animals

Trees are also the source of food, like fruit and nuts

## Save Water

Turn off the tap when you hands wash and brush your teeth

Take a shorter shower

Fix a dripping tap

## Cut Pollution

The factories release fumes and smokes that pollute the air

Earth wants you to use less cars. You ride a bike and try walk

Ahmed Younus

Class - Tiger

Turn off the lights!

Don't forget to turn lights off when they leave a room, as well as the TV or radio when they're finished watching or listening.

Recycles

At the end of each meal or activity, discuss with your family which waste items - bottles, cans, magazines, newspapers, pizza boxes, etc - can be recycled. Then have her place them in the appropriate recycling bin.
