English

This half term the children will be focussing on the text 'Wonder' by RJ Palacio. We will be looking at a range of writing genres including narrative and recounts. The children will also be taught grammar skills, which they can apply and show within their writing.

Computing

In Computing, children will learn how to plan, create and present their own blog.

Geography

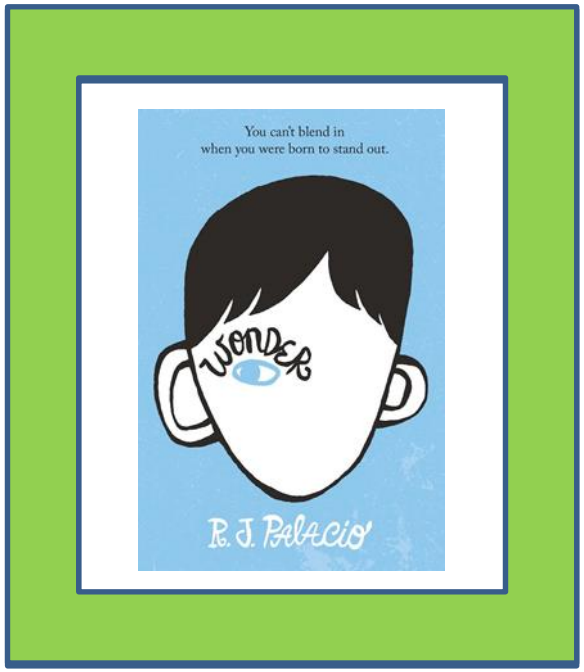
In Geography, the children will be exploring global population and factors that impact where people live and why they move away. They will be learning about birth and death rates, migration, climate change and factors impacting our environment.

Art

In Art this term, the children will be focusing on Drawing. In this unit they will be exploring expressive drawing techniques.

Maths

This half term the children will be focusing on place value, along with the four operations. They will be learning how to represent numbers to 10 000 000 in a variety of different ways; comparing and ordering numbers including negative numbers and rounding numbers to the nearest 10, 100 and 1000.



PSHE

This term, we will discuss and explore about 'Being Me'. We will celebrate our unique qualities.

Science

This half term, pupils will learn how living things are classified, explore the seven life processes and identify different micro-organisms. They will also use and create classification keys to group and identify organisms.

RE

This term in RE, the children will be learning about the importance of sacred places.

FRENCH-

Children will learn French vocabulary associated with actions.

PE

In P.E., children will learn to improve their agility, balance and co-ordination. They will play competitive games and apply different principles in Basketball, Football, Tag Rugby and Dodgeball.

Music

In Music, the children will get the opportunity to explore the song, 'Happy' by Pharrell Williams. They will compose music using a range of instruments.
