Dear Parents and Carers,

Another busy week in school! I would like to thank Musa and Maryam whose parents kindly donated stamps to our office. It was very kind and generous of them.

In Year 6 we have been celebrating classes having 100% of parents managing to join class dojo. This is great, as it helps us all communicate better! The Dojo website even made a suggestion on how we should celebrate above?

All of your Pupils have family connected.

Treat yourself to a doughnut or two.

In Year 5, the children have looked at the process of sieving. They explored how sieving can separate different materials based on the size of their particles. The children used sieves to separate larger pieces from smaller ones and observed what happened as the materials passed through the holes. All the children worked very hard sieving in science – well done!

In Year 4, some of the children had great success growing cherry tomatoes in gardening club. They looked fantastic! Good work!

In Year 3 the children were celebrating their good attendance. For example, 26/28 children came to school every day last week in Polar Bear Class. Keep up the good work everyone!

In Year 2 this week, the children have been working on counting in 10s on a number line and adding in missing numbers. They worked very hard!

In Year 1, the children enjoyed their art lessons. They were inspired by the wonderful work of Paul Klee. They explored how many different types of lines they could create — straight, wavy, zigzag, curved, thick and thin. Great work!

In Reception this week, the children got themselves ready for their first PE lesson. There were lots of excited smiles around the room and they had lots of fun!

In The Hub this week, the children had an amazing time making spotty pizzas! They were like Bottomley Potts, one of the classes favourite characters from this week's book Hairy Macclary! The children also enjoyed eating the pizzas!

In the Nurture Hub this week, the children joined in with sensory circuits. This provides a sequence of activities done repeatedly to provide the child with the right type of sensory input in order to calm and organise them for the day ahead. It helps them to get ready for learning. We start with something alerting, next move to an organisation stage and then finally to a calming phase. The children all enjoyed taking part!

I hope you have a lovely weekend.

Yours sincerely,

James Adkins

James Adkins, Headteacher

Star of the week!

Congratulations to the following children:

Child's Name	Class
Halima	Seahorse
Ernest	Otter
Mustafa	Turtle
Ubaid	Gecko
Claudiu	Hedgehog
